

NUTRABIO®

Suggested Use: As a dietary supplement, mix 1-2 scoops with 6 ounces of cold water, almond milk, rice milk, coconut milk or your favorite beverage. Vary the amount of liquid to meet your desired taste and consistency. For a thicker consistency, mix in a blender with ice and fruit.

PROTEIN, LIKE MOTHER NATURE INTENDED

NutraBio's Organic Plant Protein combines four raw plant protein sources, fusing the natural benefits of pea, rice, hemp and mushroom proteins. We handpick our ingredients from organic family farms and manufacture in our own cGMP facility to bring you the cleanest, highest-quality plant protein.

This is simply the best-tasting organic plant protein there is. It has a specialized enzyme blend to improve digestion and includes all essential amino acids. We gently produce our proteins using low-temperature, low-shear technology, which prevents denaturing and preserves the integrity of the protein, just like Mother Nature intended.

Our Organic Plant Protein has absolutely no excipients, fillers, artificial ingredients, preservatives, synthesized chemicals or genetically modified ingredients. It is free of common allergens, lactose, hormones and gluten, while being suitable for vegetarians, vegans and those with sensitivities to milk, soy and other proteins.†
